COMEDY

KAAMELOTT

Holy Grail! A French cult series, filled with brilliant, witty, sometimes absurd humour.

Kaamelott delves into what's hidden behind the bright Legend of King Arthur and his Knights of the Round Table: the comic motivation for the series relies on the opposition between the grandeur of the Arthurian legend and its hypothetical mediocrity in truth. In other words, the humorous interpretation of the legend makes viewers dive into reality behind the myth.

While the series takes place in the 5th century, it uses our modern language and situations to create a distortion between the supposedly noble and epic myth and our 21st century preoccupations and lifestyle.

A look at History through a twisted modern angle, following the legacy of the Monty Python's offbeat tone.

WOMEN!

Irreverent women spoof series.

Women! is a situation comedy made up of sketches of varying lengths (from 20 seconds to 3 minutes) formatted to either 6 or 26 minute sequences. The image of today's woman conveyed by the media is icy, glamorous, polished and sensual. She must make us dream, fantasize, buy. The language assigned to her is formatted and "agreed upon" by the consensus.

In a humorous light vein, Women! attempts to explode those codes so as better to denounce them.
